

# A TSUNAMI OF NEGLECTED HEALTH CONDITIONS IS ON ITS WAY

As Ontario & other regions across Canada reopen, we look forward to working with paramedic services to safely restart CP@clinic and CP@home programming

# CP@clinic

Programming based on your community's needs, resources, and public health restrictions

CP@clinic can address the tsunami of unmet health needs caused by the pandemic

Program adaptations (e.g. home visits &/or virtual visits) are available
